

# The Census Test is on 5 August 2025

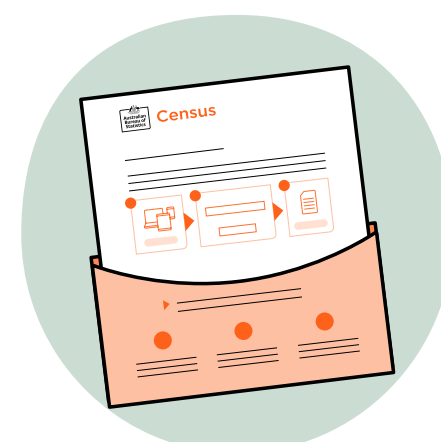

Census

The Census counts every person and home in Australia. It helps to tell *our story* of who we are as a people.

We're getting ready for the next Census by testing our processes and making sure they work well. Your participation in the Census Test will help us improve the next Census in 2026.

If your household is selected for the Census Test, you'll either get a letter with instructions on how to complete online or a paper form. You can start as soon as you get your instructions.

The Census Test will ask questions about everyone staying in your home on Census Test night, including Elders, babies and visitors.

Your personal information isn't shared with other government agencies or anyone else.
